THE NEW MACK M915 WAS DESIGNED FOR MAXIMUM PROTECTION IN THE MOST UNFORGIVING ENVIRONMENTS.

The all-new Mack Granite® M915, which uses the most advanced technologies, proudly continues the company's legendary reputation for durable and dependable trucks. From the very beginning, Mack has supported the military. During World War I, Mack built a military armored truck that aided U.S. and British troops, completing difficult tasks under very difficult conditions. They were dubbed “Bulldogs” by the British soldiers for their tenacity. From then on, the legend grew and the Mack M915 is the next in a long line of trusted and reliable trucks.
### Engine:
- MP8, non-EGR engine
- 13L, 480 HP, 1,800 lb.-ft. torque
- JP8 fuel compatible
- Mack PowerLeash™ engine brake
- V-MAC® Engine Protection System
- Mack Starter Protection

### Transmission:
- Allison® HD 4560, 6-speed automatic transmission

### Configuration:
- 6 x 4
