Pinnacle Trim Levels

The all-new Mack Pinnacle serves up plenty of comforts to make you feel right at home on the road. In designing the interior of the Pinnacle, we overlooked nothing. From the finish on the dash to the style of the steering wheel and a trio of optional trim levels, we worked hard to create an array of choices to fit your style. We know everyone has different needs and unique tastes, which is why we offer three levels to fit your personality — Genuine, Custom and Grand Touring.
