

# GRANITE

New from the ground up, as solid as the name suggests and packing the meaty new MP8 engine under the bonnet, the Granite brings comfort, handling and unmistakable Mack Truck style to an impressive range of capabilities.

With up to 90 tonnes GCM and up to 500Hp, you can point the Granite at heavy construction, local distribution or interstate highway running.

This versatile beast is bred to take Australia's harshest environments in its stride.

Wheel base length is optional and can be changed to suit specific applications.
