

**MAN TGX V8.**

Dynamics meets emotion.

## Innovation meets fascination.

Power is the ability to have an effect. The new MAN TGX V8 truly has a great effect. Since the most powerful series truck in Europe develops its exceptional power of 500 kW (680 hp) for just one reason – to drive you to success.

But power is not everything. Experience its progressive design, exclusive fittings and perfect ergonomics. Find out about its first-class technology and you'll know just what we mean.

A unique truck, a unique synthesis of exceptional qualities. The MAN TGX V8 links performance with efficiency, dynamics with smooth running, poise with elegance and style with culture. Above all it links you to your goals. Beside this the TGX V8 has innovative safety systems on board, for example, the series ESP.

As a 4x2 semitrailer tractor with an XXL cab and exclusive up-market fittings the MAN TGX V8 displays its striking and dynamic qualities from whatever perspective you look at it. Its pioneering concept and distinctive appearance give it a unique presence on the long-distance routes of Europe. A truck unlike any other – with the best performance.

# Power meets efficiency.

Poised torque, excellent power pickup, superior smooth running – the new V8 engine with the Euro 5 exhaust-gas system MAN AdBlue® fulfils the highest expectations.

Values such as 3,000 Nm maximum torque and 500 kW (680 hp) illustrate its outstanding potential. On the road the 16.2-litre engine with common-rail injection creates the unique driving feeling which only true top class can inspire.

## Perfection meets ergonomics.

If you take a seat behind the multifunction steering wheel the best is right in front of you. The cockpit is so uncluttered and well laid out that you can concentrate on essentials – the driving.

The interior design with its superlative ergonomic qualities features high-grade carbon inlays in the dashboard and a well-conceived control and display system.

The image shows the interior of a MAN TGX V8 truck cab. The view is from the passenger side looking towards the driver's seat. The seats are upholstered in black leather with a perforated pattern on the lower backrests and orange contrast stitching along the edges. The driver's seat backrest features a large, embossed 'V8' logo. The dashboard is black with silver trim around the air vents. The steering wheel is black with silver accents. The center console has a gear shifter and handbrake. The overall lighting is dim, highlighting the textures of the leather and the metallic accents.

## Exclusiveness meets comfort.

The MAN TGX V8 is fitted with all of the conveniences you would expect in a high-performance truck. From the air-conditioned seat with its stylish leather cover to the HiFi audio system with navigation system through to the comfort beds, the series fittings fulfil the highest demands. The MAN TGX V8 offers great all-round comfort.

It's really a pity that you'll have to get out at the end of your trip.

## Style meets elegance.

From its spectacular front section with the elegant chrome trims through to the roof spoiler, side cladding and aluminium wheels the MAN TGX V8 displays a dynamic appearance with optimised aerodynamics and striking aesthetics. Each detail of its lines highlights its individuality – which impresses those who view it and delights those who drive it.
